

Digital Railway Industry Conference  
25 & 26 June 2019

*Putting Passengers First*

- The digital journey

Presented by:

**Stuart Calvert**

Interim Managing Director,  
Group Digital Railway, Network Rail

**Our people are at  
the heart of  
how we think and  
what we do**

**Our vision:**

A company that is on the side of passengers and freight users; that is easy to engage with and a dependable partner; a company people are proud to work for; instinctively recognised as an industry leader.

Running the railway **well** means always thinking of it as a **system**  
– infrastructure, trains and people.

The next few months present a once-in-a-generation opportunity to align the industry so that we're all working towards the same goals

# UK Rail industry must get ready for significant changes in future skills

Unprecedented investment in rail and record passenger numbers has placed ever increasing demands for digital skills across the sector.

Digital Railway Industry Conference  
25 & 26 June 2019

Thank you
